## Frequently Asked Questions

### Can you offer a reduced rate for a short event?

We work on a daily rate regardless of the number of service hours required.

### What coffee do you use?

We proudly serve River Coffee.

### Can we add another barista?

Yes. Additional baristas are £240 + VAT per day.

### How long does setup take?

Around 90 minutes. We recommend setting up the day before where possible.

### How quickly can branded items be produced?

Cups: 3–5 working days. Stencils: 1–2 working days. Bar branding: 1–2 working days.

### Can you operate multiple coffee bars on the same day?

Yes. We have a large team and over 20 professional coffee machines.

### Do you provide alternative milks?

Yes. Oat and almond milk are included as standard.

### What size is the coffee bar?

1300mm (W) × 900mm (H) × 600mm (D). It folds for transport and fits standard passenger lifts.

## Coffee Truck

Our vintage Citroën H van is available for dry hire — a striking addition to activations, launches and long-running events.

| Item                                                                                                 | Price               |
|------------------------------------------------------------------------------------------------------|---------------------|
| Weekly dry hire rate (minimum term)                                                                  | £1,995 + VAT        |
| Delivery and collection — each way within M25 (surcharges may apply depending on times and location) | £495 + VAT each way |
| Full vehicle wrap                                                                                    | £4,000 + VAT        |
| Partial wrap (front serving side only), including removal                                            | £2,000 + VAT        |
| Barista service — 1 x barista and all stock and condiments (100 drinks)                              | £895 + VAT          |

## Coffee Machine Dry Hire

Dry hire only — no stock or barista included.
